## PROJECTS

### Splatterpunk - Designer, UI Programmer

Spring 2021 | 3 Weeks of Development | Team of 7

- 2D puzzle-platformer taking place in a colorless, corporate world
- Designed and developed all aspects of the user interface
- Designed systems through team discussion, documentation, and prototyping
- Acted as a supporting role for all other development disciplines

### Dreamscape - Solo Project

Fall 2020 | 1 Month of Development

- Local multiplayer digital card game with a focus on resource management
- Designed and developed all gameplay systems and UI/UX
- Heavily utilized visual feedback to communicate complexities to players
- Created design documentation alongside prototyping to rapidly iterate

### COBBLE - Product Owner, Lead Designer

Spring 2020 | 3 Months of Development | Team of 8

- 2.5D puzzle-platformer driven by the manipulation of the environment
- Concept and prototype developed in 48 hours for Global Game Jam
- Responsible for designing all systems, levels, and implementing lighting
- Managed team using Agile Scrum development methodologies
- Established game's aesthetic and led the creative direction

## EXPERIENCE

### Online Instructor

iD Tech | October 2020 - Ending December 2020 | Remote

- Teaching game design and level design with Unity and Roblox
- Teaching programming in C# and Lua to create gameplay systems and scripted events
- Remotely instructing small classes of 1-5 students, ages 7-19

### Sales Consultant

REI | November 2019 - April 2020 | Williston, VT

- Sold co-op memberships to customers, focusing on customer retention
- Stayed informed with expert product knowledge to assist customers
- Upheld high customer service standards in a high stress environment
